***Research Assistant, Justice & Security Strategies, Inc. (JSS)***, August. 2020 - Present.  
Support and assist the project director and research team in planning, implementing, and visualizing research and evaluation projects. Utilize computer software programs including ATLAS.ti and Microsoft Excel to code and analyze data. Coordinate with fellow team members to review, analyze, and summarize literature for a variety of research projects.

Recent Projects Include:

- *Research Associate* for Evaluating Body Worn Video Technology in The Los Angeles Police Department, funded by the National Institute of Justice. Review and code officer involved shooting reports to evaluate how body-worn camera footage is reviewed by the LAPD
- *Research Associate* for the National Prosecutors Consortium. Review and summarize research to provide prosecutors with greater information about specific topics
- *Research Associate* for the Denver Crime Gun Intelligence Center funded by the Bureau of Justice Assistance (BJA), US Department of Justice
- *Research Associate* for the LAPD Murder Books Grant. Examine research studies to develop a literature review about predictors of homicide clearance

### **PROFESSIONAL AND RELATED WORK EXPERIENCE**

#### ***Judicial Intern, Los Angeles Superior Court Los Angeles, CA.***

Gained an in-depth understanding of the judicial system through observation and work. Observed over a dozen misdemeanor and felony trials from jury selection through conviction and sentencing. Completed assigned tasks for the clerk's office. Reviewed post-conviction petitions for the Writ's Center and assisted in writing responses for the court.

#### ***School to Prison Pipeline Course Grinnell, IA.***

Learned about the school to prison pipeline and its impact on marginalized communities. Researched the effectiveness of school resource officers in educational settings. Collaborated with a team to write a paper calling for more effective data collection and data driven policy.
